

Career Technical Education Works for Students

- Ninety percent of CTE concentrators in Alaska graduated high school in 2013,ⁱ compared to the national average of 81 percent.ⁱⁱ
- According to a national survey of CTE students, about one-third report having the chance to earn college credit, a certification or a degree because of their CTE coursework and two-thirds report having gained skills that will help them in the future.ⁱⁱⁱ
- About 58 percent of all postsecondary degree and certificates awarded in Alaska in 2010 were associate's degrees or certificates, about 4,060 in total.^{iv}
- About 937 students in Alaska participated in at least one Career Technical Student Organization (CTSO).^v

CTE IN ALASKA

- ✓ About **13,400** high school students are enrolled in CTE
- ✓ About **7,000** postsecondary students are enrolled in CTE

Key Indicators of Success in Alaska: 2013-14^{vi}

CTE Students Proficient in Reading, Language Arts	84%*
CTE Students Proficient in Mathematics	71%*
CTE High School Graduates Placed in College/Careers	81%*
Postsecondary CTE Students Earning a Credential, Certificate of Degree	5%*
Postsecondary CTE Students Staying Enrolled and/or Transferring	64%*
Postsecondary CTE Students Placed in Careers/Further Training	73%*
*Indicates that the state met or exceeded 90 percent of the final agreed upon performance levels for each indicator as negotiated with the U.S. Department of Education.	

Career Technical Education Works for the Economy

- Middle-skill jobs account for 53 percent of Alaska's labor market, but only 50 percent of workers in Alaska possess the required skills,^{vii} leading to a skills gap, which CTE can help address.
- By 2018, the Business, Management & Administration Career Cluster[®] is projected to be Alaska's largest cluster overall, accounting for 54,700 jobs, but Health Science will be the fastest growing, with jobs in this sector increasing by 15 percent.
- In all, Alaska will gain about 17,800 jobs, for a total of 359,000. About 60 percent of these jobs will require some education and training beyond high school, including 37,000 certificates.^{viii}

If Alaska increased the number of citizens with certificates or associate degrees by 10 percentage points, the state would have:^{ix}

- ↑ \$1,558 higher median per capita income
- ↓ 2,500 fewer unemployed individuals
- ↓ 3,800 fewer individuals living in poverty

Career Technical Education Works for America

- **\$168 BILLION** = Estimated lifetime gain from CTE's impact on reducing the high school dropout rate.^x
- **\$806 BILLION** = Estimated income added to the U.S. economy by community colleges.^{xi}
